

REMARKS/ARGUMENTS

Entry of this Amendment After Allowance Under 37 C.F.R. 1.312 is respectfully requested since it does not add any new matter or require further consideration. Amendments to claims 1 and 7 are made in order to correct a typographical error in the name “1,4-dihydroxy-2-naphthoic acid” as well as to correct antecedent basis and grammar. Additionally, original claims 10 and 11 were in improper multiple dependent form and have been amended as singly-dependent claims 10 and 11; also new claims 23-26 have been added to reflect the removed dependencies. These errors were discovered by Applicants during a post-allowance review of the claims and both the Applicants and the applicant’s attorney have been diligent in correcting any informalities that they have become aware of.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
Norman F. Oblon
